HAUPTMANN DEFENSE ATTORNEYS EXPECT 30-DAY REPRIEVE

Hope Such Will Be Granted
Between Now and Time
Set for Electrocution

CHANCE THOUGHT 50-50

Prisoner Reported by Spiritual
Adviser To Be "Quite
Cheerful"

By James L. Kilgallen
L. N. S. Staff Correspondent

TRENTON, N. J., Jan. 14—(INS)—Defense attorneys held high hope to-day that Governor Harold G. Hoffman would grant Bruno Richard Hauptmann a thirty-day reprieve between now and 8 o'clock Friday night when the condemned man is scheduled to die in the electric chair for the murder of the Lindbergh baby.

The basis for this optimism was not openly discernable in the face of the official silence maintained by the Governor but nevertheless there was an undercurrent of opinion that Hauptmann has at least a fifty-fifty chance of temporarily "beating the rap."

Hauptmann himself was reported to be "quite cheerful" by his spiritual adviser, the Rev. John Matthiesen, pastor of the Trinity Lutheran Church, who said the prisoner "feels there is something new in the air" that is certain to help him.

The fact the prison's tailor has taken Hauptmann's measurements for his burial suit has not caused the condemned man to lose faith.

Hauptmann was reported to be considering making a formal request to Governor Hoffman for a stay of execution until he can speak to Dr. John F. Jatsch Condon, the Lindbergh intermediary who is enroute to Panama on a cruise. The prisoner is represented as wanting to have "a few minutes alone" with Condon. He also reiterated his willingness to answer any and all questions and to submit to a lie detector if necessary.

Defense attorneys held a series of conferences and the report spread they planned to go into a Federal Court in Newark today or tomorrow and ask for a writ of habeas corpus. If this move failed Hauptmann's only recourse would be Governor Hoffman.

Governor Hoffman is understood to be in a receptive mood if a legitimate and logical reason can be advanced for delaying the execution. He is said to feel Hauptmann was guilty of extortion but doubts he was the actual kidnapper and slayer of the child.

The Governor is represented as believing a thirty-day reprieve would give an opportunity for the uncovering

WAGE EARNERS SHOULD THANK THE SUPREME COURT

(New York American, January 9, 1936)

People who work for wages or salaries owe another debt of gratitude to the Supreme Court of the United States.

In a decision which is a model of simple diction and devastating logic, the Court held the AAA (Agricultural Adjustment Act) unconstitutional, and served notice on the Congress and the President that it was unlawful to pick the pockets of housewives in the cities to carry out fantastic agricultural experiments.

The truth regarding the underlying philosophy of the AAA had been obscured by a flood of propaganda emitted by Wallace, Tugwell and the standing army of 180,000 POLITICAL JOB-HOLDERS in the Department of Agriculture.

The National Administration fought off a conclusive test of the constitutionality of the Act, in the meantime levying hundreds of millions of dollars in taxes which came directly out of the pockets of wage-earners and salaried people and were distributed to farmers to promote the scheme of paying men NOT to plant wheat, NOT to raise pigs, and NOT to cultivate cotton.

* * *

The substance of the Supreme Court decision is summed up in the statement that the people of the United States never delegated to any national office-holders the right or power to levy taxes on one portion of the community for the benefit of another part of our people.

While the National Administration, in speeches, pamphlets, newspaper interviews and radio broadcasts, has sought to arouse class hatred by the cry of "soak the rich," it has endeavored hysterically to obscure and cover up the fact that one of its principal schemes for bringing about economic paradise was to take out of the pockets of the wage-earners and salaried people of the country what were called "processing taxes."

* * *

These taxes were not levied after open discussion in the House of Representatives, which has the sole authority under our Government to originate revenue taxation.

These taxes were levied by bureaucrats under the direction of Secretary Wallace, but the vast publicity bureau which floods the country with propaganda under Mr. Wallace's direction was strangely silent about these raids on the pockets of the plain people.

Subsequently, however, when these funds were distributed to farmers for not raising commodities which many of them never intended to raise, the publicity machine turned out tons of literature to be published in the farming areas, impressing on the agricultural districts the idea that SANTA CLAUS RESIDED IN WASHINGTON.

It is a notable fact that the National Administration, which adopted as its slogan "soak the rich," passed a patched-up, makeshift tax measure which would yield less than \$200,000,000 by burdening industry and creating unemployment.

Simultaneously, the same Administration was furtively taking from the pockets of the poor, in processing taxes alone, a sum of approximately \$2,000,000,000.

Every housewife in America has felt the pinch of the rising costs of living. The once lowly bit of pork has become a luxury, and other items of diet have increased greatly in price.

The increase has been skinned off by the politicians and distributed on a plan of DOING THE MOST GOOD POLITICALLY.

In spite of the befuddling tactics pursued by Secretary Wallace and Mr. Tugwell, the workers of New England, on whom these taxes fell with crushing force, recognized the gravity of the situation long before it became apparent to the rest of the country.

New Englanders as far back as 1776 were intelligent in the

LONDON, Jan. 14—Japan was authoritatively reported to have decided definitely today to withdraw from the five power naval conference tomorrow, quitting the parley to save the home cause.

The American and British delegates advised of the affair plunged into immediate discussion in an attempt to salvage something of the parley.

In session only a month with a long recess taken out for the Christmas holidays, the naval conference ran up against Japan's adamant demand for parity with the United States and Great Britain, and has not progressed noticeably since.

It was believed possible, however, that Japan would leave one or more observer.

If the four remaining nations—Britain, United States, France and Italy—should conclude attacks, then Japan probably would be invited to join in, along with Germany and Russia.

MORRISVILLE MAY SAVE \$1500 YEARLY ON BOND INTEREST

SCHOOL BOARD PLANS TO RE- FINANCE OUTSTANDING ISSUES

INVESTIGATE THE PLAN

PRINCIPAL'S REPORT SHOWS 1292 PUPILS ATTENDED FIRST TERM

MORRISVILLE, Jan. 14—A saving of about \$1500 in interest charges per year may be effected by the Board of Education if the directors are able to refinance the bonds outstanding against the district, it was reported at a meeting of the Board of School Directors.

The matter is now in the hands of the finance committee which gave an encouraging report on the matter. The majority of the school bonds are held by the State Teachers' Retirement Board, and it was stated some time ago that because the bonds were not callable it was believed the State Board would not be willing to release them for bonds at a lower rate of interest. It is now reported, however, that the board may be willing to surrender them. In case a new issue of bonds is necessary and it is necessary to have them advertised and certified, the cost for the first year may discount the profit to the Board, but in future years the saving would be effected.

The matter of the open drain running near the Capitol View school, and which was reported to the State Board of Health, has been referred to the local health authorities, and if a nuisance exists there it will be remedied, the report stated.

In his report, the supervising principal showed 1292 pupils had attended school for the first term and of this number 686 were in the elementary grades and 606 in the junior and senior high school. In the special class, the report showed that excellent work is being done by the pupils. "The development in their handwork has carried over into their academic studies and consequently they do much better than when they were in regular classes," the report continues.

The tax collector reported \$751.99

collected on the 1935 taxes and \$4,657.36 received from the county treasurer for back taxes which had been entered in his office against properties here. The collector was authorized to attach rents or personal property for delinquent taxes.

Medical inspection of the pupils in the elementary grades has been almost completed by the school physician, it was reported, and now the pupils of the high school will be examined.

LITTLE FRANCES M. VOIT SUCCUMBS TO PNEUMONIA

The three-year-old daughter of Mr. and Mrs. Frank T. Voit, North Radcliffe street, died at her parents' home yesterday afternoon, after a very brief illness of bronchial pneumonia.

The child, Frances Marie, is survived by her parents, and a sister, Helen F. Voit, aged 12 years. She was born in this borough.

The funeral service will be conducted at the Voit home, tomorrow at two o'clock. Burial in Bristol Cemetery will be in charge of the H. S. Rue Estate, funeral directors.

EXECUTIVE SESSION OF YARDLEY CLUB TO BE HELD

YARDLEY, Jan. 14—The Executive body of the Yardley Young People's Club will hold a dinner session at the Newtown Temperance House, this evening, at which time plans will be made for the coming season. Those included in the executive body are: President, William Crossdale; vice presidents, Lillian Groner, Jack Rembe; secretary, Alice Marie Ross; treasurer, Marion Smith; executive board, Raymond Hampton, George Brown, Mrs. Joseph Yardley, Mrs. Clifford C. Nelson, and Mrs. Robert C. Belleville, 3rd.

The reelection of Robert M. Crossdale as secretary; W. Aubrey Merrick, treasurer; John A. Hennessey, street commissioner; Dr. Charles T. Thompson, borough physician, and William McMullen, overseer of the poor, and Charles W. Roberts, Jr., borough solicitor, completed the reorganization.

Council also confirmed the election of Charles V. Urban as fire chief; Harrison Ettenger, first assistant; William Forsythe, second assistant; John J. Burns, William McMullen, Robert M. Crossdale, Frank Heath, Joseph Duer and William T. Burns, fire police.

President Bond announced appointment of the following committees: Streets, Craig and VanArtsdalen; public property, Stradling and Craig; lighting, Pownall and Stradling; finance, Watson and Pownall; ordination, Watson and VanArtsdalen.

Treasurer W. Aubrey Merrick presented his report showing a balance of \$741.31 in the general account; Linton Fountain Fund, \$429.16; poll tax fund, \$59.03. A year ago the balance was \$3,000 in debt.

Because of the increase in his business, Robert McKenney presented his resignation as a member of council from the second ward. Robert Craig, who has been a member of council for many years previous to his defeat at the primaries, was chosen to fill the vacancy.

Tools stolen from a nearby railroad shed were used to effect entrance.

County Detective Anthony Russo and Corporal Daniel Dean and Trooper Strickland, of the Doylestown State Police, are investigating the robbery. The thief marked the fourth time Dr. Strathie's store has been robbed.

ANNUAL MESSAGE OF CHIEF BURGESS

January 2nd, 1936.

To the President and Members of
Bristol Borough Council, Bristol, Pennsylvania.

Gentlemen:

The financial statement of our Borough again reflects wise and competent management on the part of the Officers and Committees who have charge of the various departments which provide for the welfare of the citizens of our Borough. All Committees have kept within their reduced appropriations and still given good and adequate service to our people, showing that careful and thoughtful consideration, as well as wisdom gained through experience, have been given the various problems that have confronted them. All indebtedness of the Borough, including supplies, salaries, power and lighting, has been promptly met, and the interest on the bonded debt, and payment

of all matured bonds, paid in full.

We still have a large percentage of our taxpayers unemployed and, therefore, unable to make payment for their taxes, which necessitates continued, careful consideration and thought on the part of the Officers and Committees in charge when planning the budget for the coming year, and the same conservative and efficient measures employed.

Your Street and Highway Committee reports the following streets rebuilt:

McKinley Street—Farragut to Trenton Ave.

Roosevelt Street—Farragut to Trenton Ave.

Taft Street—Trenton Ave. to Wilson Ave.

Also 15 miles of streets were patched and maintained. L. W. D. work was discontinued at the Sewer Disposal Plant on replacing the deteriorated concrete and washing and cleaning the crushed stone in the concrete beds, due to lack of funds, but has again been resumed, and will undoubtedly be completed in the near future.

The Municipal Water Committee reports the L. W. D. project for the extension of the Water Filtration Plant completed. The work consisted of a concrete and brick extension to the present filter building to house two new 17 ft. circular filters, each having a capacity of three quarter million gallons per day.

There were also two old 15 ft. filters replaced with two new 15 ft. filters, each having a capacity of one half million gallons per day, making a combined capacity of these four new filters of two and one half million gallons per day.

Besides this, we have four old filters that have a capacity of two million gallons per day or a total capacity of four and one-half million gallons per day.

Application has been made to the W. P. A. for Federal aid in replacing these four old filters, which are old and have seen over 20 years of continuous service and, if this application is granted, will give the Borough eight new filters and a supply of filtered water three times our present average daily consumption. Total pumpage for the year 1935 was 556,803,000 gallons.

The residents of Bristol Township are taking advantage of the water extension the Borough made last year under the C. W. A. program as shown by the record that 115 new connections were made this year, making a total of 350 services in the territory outside our Borough limits.

This additional and growing increase demonstrates the necessity of ample filter capacity and the need of replacing our old filters to take care of the steadily increasing demands that are sure to have to be met.

Our citizens have enjoyed uninterrupted service in their water supply and sewer service, credit for which is unquestionably due to our Borough Engineer, John S. Roberts, Jr., who plans and supervises these two most vital departments of our civic life.

Credit is also due him for the most valuable aid we secured from the C. W. A., L. W. D. and W. P. A. projects. Without his ability as our Engineer and his knowledge and ability to clearly and

OFFICERS RE-ELECTED

Annual Reports Submitted By Police and Fire Departments and Health Board

Two new councilmen and four "hold-overs" took the oath of office last night previous to the biennial organization meeting. At the organization meeting a president, secretary, treasurer, solicitor, borough engineer, borough surveyor and building inspector were chosen.

Following the organization meeting the ash collection contract was awarded, annual message of burgess received, and the annual reports of police and fire committees read, as well as that of the board of health.

The oath of office was administered to the councilmen-elect—Clarence W. Winter, first ward; John B. Wichser, second ward; Richard T. Myers, third ward; Martin J. Fallon, fourth ward; William E. DeGroot, fifth ward; Samuel H. Conklin, sixth ward, by Burgess Clifford L. Anderson.

Presiding at the organization meeting Burgess Anderson asked for nominations for the office of president. Jacob C. Schmidt nominated Dr. J. Fred Wagner. There was no opposition. Richard J. Winslow then nominated William J. Lefferts for secretary and treasurer, and Frank Pfeifer nominated Howard I. James for borough attorney. Councilman Wichser nominated John S. Roberts, Jr., for borough engineer and Richard Winslow nominated Mr. Roberts for borough surveyor while Mr. Wichser placed Mr. Roberts in nomination for building inspector.

A TERRIBLE TOLL

Forty-six deaths due to automobile accidents.

Five hundred and sixty-seven persons injured.

Automobiles damaged to the extent of \$97,104 and other property to the extent of \$4,907.

That is the record in Bucks County during 1935 and a terrible record it is.

Such a wiping out of human life is not the fault of anyone, other than the careless, reckless, indifferent and in most cases intoxicated automobile driver. Unless the drunken driver is kept off of the highways the toll is going to be even greater. It seems to be impossible for some folks to learn that after imbibing they should not get behind the wheel of a motor vehicle.

No sentence can be too severe for a drunken driver and no excuses should be accepted. They are a menace to themselves and the public at large. Upon them lies the responsibility for the stamping out of many human lives. It is terrible to think of.

The courts are becoming more and more severe in their dealings with drunken drivers and rightly so. Highway patrolmen and police officers are ever on the alert to curb the menace.

A drunken driver falling into the hands of a Pennsylvania Highway Patrolman is never shown any mercy. These patrolmen on the highways day after day, know the danger of an intoxicated man behind the wheel of a motor vehicle and they never hesitate in making an arrest. There is no "fixing" and there should be no "fixing" in such cases. A man caught intoxicated and operating an automobile should be given the full extent of the law, for the very first offense.

The annual report of the two sub-stations of Pennsylvania Highway Patrol in Bucks County is complete with statistics showing that these officers of the law are performing their duties as they should be performed and that if it was not for such a law enforcement agency, it is difficult to calculate how many more than 46 persons would have lost their lives in Bucks County in the year just ended.

LIARS

The new national champion liar has been selected by the connoisseurs of Burlington, Wis., and as usual the he which wins the gold (at least, the liars say it is gold) medal is disappointing. So much so that the identity of the winner already eludes us.

The winning lie had to do with a cold spell in which the mercury fell so rapidly that it trapped a rat. It doesn't seem much of a lie, but evidently somebody liked it. Ananias would have considered it no more than a slight perversion of the truth. Also, it is transparent. The best lies—the classic prevarications—creep up on one unaware. They bear the outward guise of truth and deceive not one listener but many, and for long periods. Whole schools of thought have been founded on the best of them, and great political movements have been organized.

No, we doubt if the small stake involved in the Burlington tournament brings out the outstanding fabrication of the year, any more than we believe that the Miss America selected annually at Atlantic City is the handsomest young critter in the United States.

A TRAILER CITY

LOGAN, Utah — (INS) — Near the campus of Utah state college here there is a unique town, a veritable city of trailers. Farm boys from throughout the inter-mountain region driving to Logan in their automobiles towed behind them wheeled living quarters. From these they removed the wheels, banked them against winter blasts and settled down for the winter. The inhabitants of "Wind-break City," living in 12 trailers, have organized their own municipality with Ivan Theuson of Rexburg, Idaho, as their mayor, and Leonard Christensen

FAULTY PASSING MARKS Y. M. A.-MOOSE TILT

Faulty passing and poor shooting marked the Y. M. A.-Moose game which saw victory go to the Moosers by the count of 20-14. The victory enabled the scarlet-clad team to maintain their mathematical chance of ending the first half in a deadlock.

Manager Hendricks of the Y's used a new player, Alex Barcalow, in his line-up, in an effort to show his growing strength for the second half. Barcalow was very impressive and working with Broderick counted ten of their team's 14 points.

The Moose played in lazy fashion and only a large lead piled up in the first half enabled them to garner the win. Another member of the Roe family, Joe, and Herbie Lawrence, were deadlocked for scoring honors with seven points each.

HIBERNIANS SMASH LOCAL SCORING RECORD

Scoring at will, the Hibernians broke the league scoring record last night in the second game played on the Italian Mutual Aid floor by crushing the St. Ann's A. A. quintet, 47-18, in an uninteresting match. It was the ninth straight defeat for the Purple and Gold.

Twenty-two double-deckers were sunk through the cords by the Hibernian marksmen. Mixed with these were three foul goals, "Eddie" Roe and Ad Roe, brothers of the Hibernians quintet, counted twelve of their team's field goals and Eddie had four to make a total of twenty-five points credited to the Roe family for this fray.

The St. Ann's team could do little during the match and trailed from the start. Joe Seneca dropped four field goals through the ropes to be the leading counter of his team.

YARDLEY HIGH TO PLAY LOCAL QUINTET TONIGHT

(By Jack Orr)

Bristol High will be after its third straight victory of the season this evening, when they play host to Yardley High in a non-league fray.

Yardley High, under Coach Fred Derrick, is one of the best minor schools of the county and is practically unbeatable on its home court, a small floor, where visiting teams have often felt the sting of the Yardley club's bite of victory.

Coach Bill Dougherty, local mentor, will start the same five who handled themselves so well the other night when the locals defeated Bensalem High. The team will be Nick Huffnall and Tom Proffy at the guards, Charlie Hughes at center, and Punk Zeifer and Phil Carnvale at forwards.

One weakness of the local squad which must be bolstered if the team expects to go places is foul shooting. Only 7 of the 25 attempts have been completed by the local team in two games.

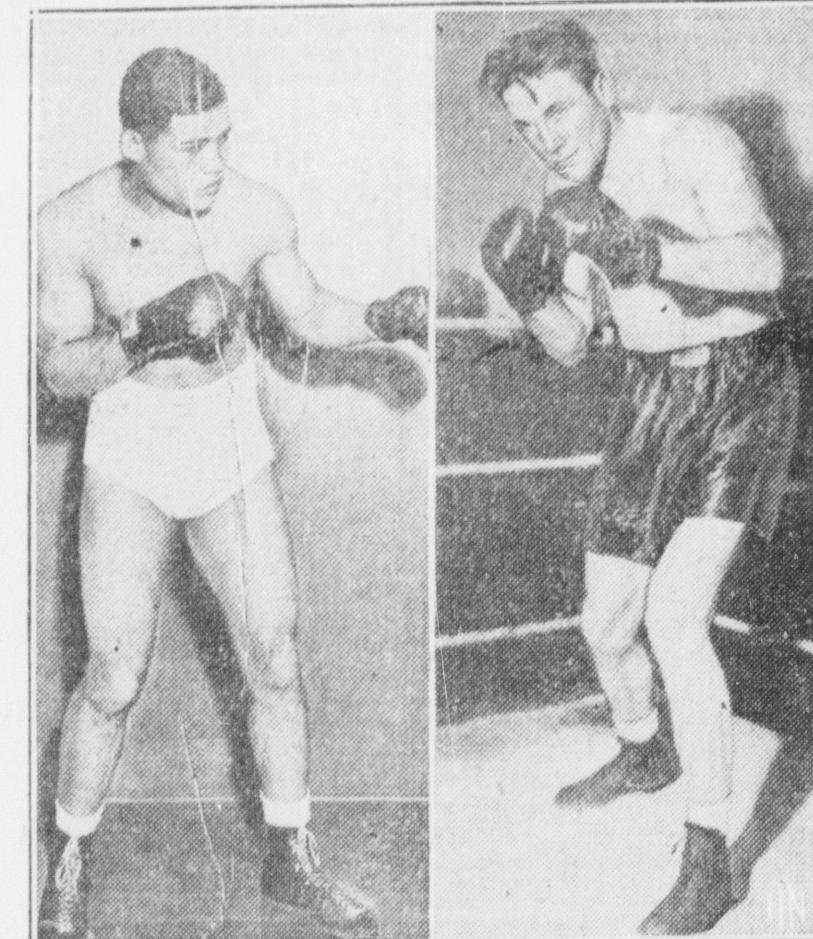

The J. V. will meet Yardley Junior Varsity in the preliminary game. Opening tap-off at 7:30.

CROYDON

Leo, the son of Mr. and Mrs. John Gasmeir, Belmont avenue, was christened in St. Thomas Aquinas R. C. Church, Sunday afternoon.

HARRIMAN GRILLE TEAM WINS OVER PAPER-MAKERS

Harriman Grille in the Bristol Bowling League, won four points from P. P. Joe Amisson was high for Harriman and F. Lane led the "paper boys."

All-Stars of the American League took four from Harriman. Coleman was "hot" with 576. Joe Amisson, Jr., was high with 523.

The "Recs" of the National League and A. O. H. split, with "Jolly Tom" Rodgers high. "Pete" Choma led the "Recs" with 441.

Madison of the Federal League lost three points in a closely fought contest. J. W. Magill was high with 481; P. Carlen was high for Tullytown with 457.

Yardleyville Protective Ass'n Has Annual Meeting

YARDLEY, Jan. 14.—The 69th annual meeting of the Yardleyville Protective Association, was held in Odd Fellows Hall, Saturday afternoon, followed by a turkey dinner served by the members of Ladies' Aid of the Methodist Church in the Sunday School rooms.

During the business session the appraisers recommended the payment of the following losses: John C. McCormick, for personal items stolen about a year ago; to Russell Black, for stolen geese; and to William Yardley for loss of corn. William S. Molineaux and James J. Colson were named to audit the books of the treasurer, Clarence H. Harvey. The shares held by Chris J. Bennett were transferred to C. H. Bennett, and the Zephaniah Force Estate was transferred to Ethel Force Lichliter.

The following officers and directors were elected to serve for the coming year: President, Algernon S. Cadwalader; vice-president, Charles A. Rowe
